

Vernon Crane Training Schools

Vernon Crane Training Schools - We have designed lots of programs for Mobile Crane Operation at our Crane Training Schools. These programs are recommended for the skilled operator who requires re-certification or certification, and for inexperienced operator who is looking for work in the business. Crane operator positions are high because of their high rates of pay. Crane operators are amongst the highest paid of whichever operator of heavy machinery.

Our Crane Training Schools include training and instruction for a wide variety of mobile cranes. Course content comprises Crane Set-up, Wire Rope, Lift Planning, Load Dynamics, Rigging, Signaling and Load Charts.

The program is most suitable for crane operators, riggers and their supervisors. The materials incorporated in the course would consist of a manual and lots of informative handouts. The safety guidebook which is illustrated features one hundred to two hundred fifty pages, that depends on the course, of vital and useful material. Course materials include load charts and load chart exercises for the crane with which the trainee is working.

More than half of the course consists of Hands-On Safety Training. Practical training is helpful for increasing and developing personnel skills levels. Only experienced journeyman crane instructors are chosen to teach the courses. Our instructors have many years of practice in the industry.

For all the course we provide, we could include optional testing mechanisms to customize your training. A skills test is generally administered for programs which comprise H.O.S.T. Individuals training would be tested and graded.

We provide certified training programs for the following cranes: Lattice Boom/Crawler Cranes; Fixed and Swing Cab Mobile Hydraulic Cranes; Rigging / Signaller Training and Certification; Articulated Boom / Knuckleboom Cranes; Testing & Certification; and In-The-Seat Training.
